DUO DESIGN IS A MULTI-DISCIPLINED COMPANY  
WITH FURNITURE PRODUCTION AND SPATIAL  
DESIGN AT IT'S CORE.

WE UNDERSTAND THE IMPORTANCE OF THE RETAIL  
WORLD AND HERE IS OUR STATEMENT OF INTENT:  
RETAIL CONCEPT AND FURNITURE PRODUCTION  
ARE OUR WRAPPED FEATURES, A VIVID JUNCTION  
WHERE WE LINE UP WOOD CRAFTING AND METAL  
SHAPING, ALL REFLECTED IN THE RIGHT BALANCE  
AND COLOR CONFIDENCE.

WE ARE INSPIRED BY THE WORLD AROUND US,  
BUT WE WANT TO INSPIRE IT TOO.

### Concept

We value the freedom to create, thus we are always looking for inspired and authentic ideas, still remaining flexible and up to date with the market trends.

### Planning

A highly qualified team of designers and architects creates and develop personalized projects: layout, visualization and then complete project. We also adapt and implement existing concepts and projects of international brands that trust our abilities.

### Engineering

It started with the passion for technology and then it flourished into a greatly interactive group of technicians. They look for and implement daily the most suitable solution for each product that will bear our trademark on it.

### Production

Having the backup of the most innovative technical solution, skilled workers, top technologies and equipments for furniture production, we bring out of our workshop daily excellent finishing pieces that will "wow" you.

### Fitout package

Our company has been loyal to the concept of turnkey projects for more than 16 years. We love design, but we will also make it real and build it up. So we dedicate specialized execution teams for each chapter of a project: from construction to installations, from hi-tech solutions to delicate design elements.

### Mounting

We strive to fulfill each customer's needs and for this we also provide service of furniture assembly, through our qualified carpenters team and with the constant supervision of a dedicated project manager.

## Challenge

Our approach is to fully understand our clients' needs by analysing their concepts before to begin the design and engineering process.

We take into account every element behind our clients' concepts and apply our expertise to create shops from small playful pop-ups to full furnished ones.

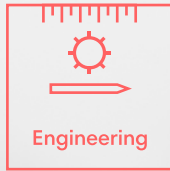

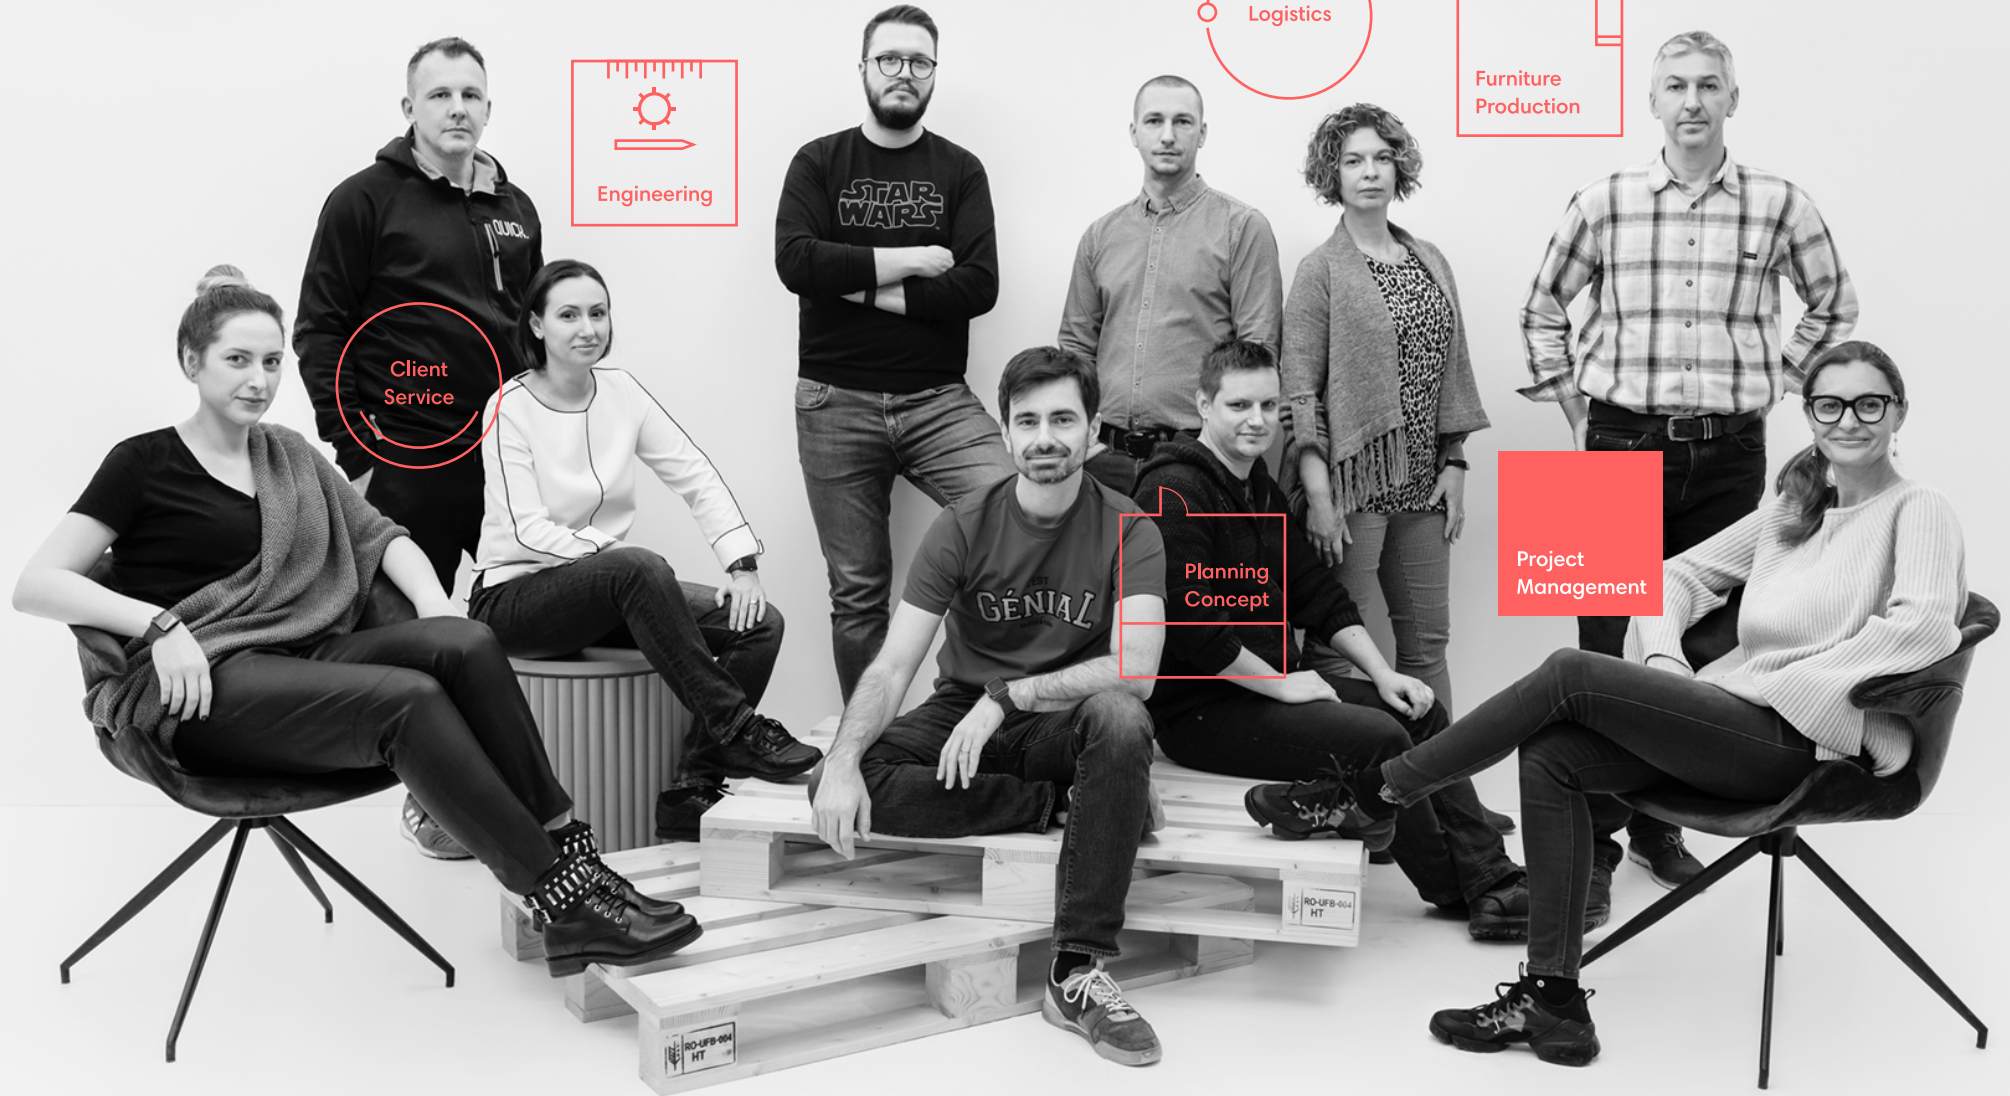

# Production

We ground our work on the most innovative technical solution, skilled workers, latest technologies and equipment for furniture production. We bring out of our workshop daily excellent finishing pieces that will wow! you. We approach with the same positive attitude all projects and pieces to be manufactured, from bespoke ones to big volume production. We dedicate our expertise to work on finding the right solution for each client. Specialized technicians look for and implement daily the most suitable solution for each product that will bear our trademark on it.

A creative company founded on strategic thinking and client services excellence.
